

HIV/AIDS Webinar Learning Series

BRITISH COLUMBIA
CENTRE for EXCELLENCE
in HIV/AIDS

Navigating the Labyrinth: Decreased Cognition and Aging among People Living with HIV

OBJECTIVES:

In this webinar, we will:

- ✔ Explore the community experience of people living with HIV who have had decreased cognition;
- ✔ Review the epidemiology of decreased cognition as it relates to HIV and aging;
- ✔ Characterize and distinguish differences in cognition and methods of screening for decreased cognitive function; and
- ✔ Discuss methods of managing decreased cognition in the context of HIV and aging

The HIV/AIDS Webinar Learning Series is a partnership between the BC Centre for Excellence in HIV/AIDS (BC-CfE) and Positive Living BC. The goal of the Series is to empower people living with HIV and to improve their quality of life by providing them and health care providers with up-to-date treatment information related to HIV/AIDS. Sessions bring together experts to share their knowledge and provide a forum for interaction, dialogue and mutual learning.
