SUMMERTIME BBQ

Sunday, August 11, 2019

Painter's Lodge - 1625 MacDonald Road (Granny Room)

You and your family are invited to the Campbell River & District Division of Family Practice and the Campbell River Medical Staff Engagement (MSA) Annual Summertime BBQ.

Bring the family and enjoy the lodge's pool, good food, activities for the children and socializing for the adults.

Reminder to RSVP by July 31, 2019 to [Julie Collis](#) - please include all names of your guests.

Patient's Medical Home - Implementation Kit

The Patient's Medical Home (PMH) Implementation Kit provide tangible suggestions for family doctors seeking to align their practice with the PMH vision. The PMH kits provide a unique provincial perspective and helpful recommendations that family doctors can easily implement into their practice.

COMMUNITY HEALTH AND SOCIAL SERVICES FAIR

Thursday, June 6 - 4:00pm to 7:00pm

Maritime Heritage Centre (Rotary Hall)

The Campbell River & District Division of Family Practice hosted the Community Health and Social Services Fair on Thursday, June 6.

The fair featured 35 community health services tables (75 presenters) and it was well attended by 18 physicians and 77 members of the general public. The video clips acquired from those who participated at the video station is currently being put into soundbites and will be shared on our website and social media platforms. Thank you to all who came out and we hope that you found the fair informative.

Older Complex Adults

The Division is beginning a Shared Care Project for Older Adults with Complex Medical and Social Determinants of Health needs. If you are interested in learning more, please email [Allan Campbell](#) or call him at: 250.202.7066

COMMUNITY & PARTNERS NEWS AND RESOURCES

**Sayward Primary Health Care
Clinic has Telehealth**

The Telehealth team at Island Health is pleased to announce our newest Telehealth location in the North Island community of Sayward. The staff at the Primary Health Care Clinic have been fantastic in preparing to support Telehealth services for their local community members.

The site will begin accepting Telehealth appointments as of Tuesday **July 2nd, 2019**. The clinic is open for Telehealth Monday through Thursday, and closed on Fridays.

**It's Time for the Quality Awards!
Submit Your Nominations by July
12th**

The Quality Awards are back! We're once again celebrating people and projects that improved the quality of health care in BC. Tell us about the inspiring work undertaken by your colleagues, peers and more!

To find out more or to make a Nomination by
Friday, July 12th [Click Here](#)

**BC ECHO on Substance Use (Opioid
Use Disorder)**

BC ECHO on Substance Use (Opioid Use Disorder) aims to help primary care providers and their teams build capacity in the treatment and management of opioid use disorder.

Through interactive, online (supported by ZOOM teleconference), case-based presentations, health care providers will enhance competencies and learn through real-world examples, how to incorporate evidence-based

PAIN BC

Pain BC is beginning their second cycle of **ECHO** in September. BC ECHO for Chronic Pain is a free virtual learning community comprised of specialists and community health care providers who use instructive and case-based learning to gain improved competence in providing care for complex pain cases.

Through our ECHO, health care providers can get the help and support they need to provide immediate care to patients with complex pain in

practices into their care setting, to improve outcomes for clients and families.

underserved areas, such as rural and remote communities. **It is free to access.**

For additional information on this **FREE** program, session topics, and to register for a session see the attached one-pager, and visit the [BCCSU Website](#).

Island Health - Home Health Monitoring

[Home Health Monitoring](#) has expanded; Island Health is now offer monitoring for patients with heart failure, COPD and diabetes across all of Island Health (IH). Island Health also added screening tools for anxiety, depression and chronic pain. Patients are provided with a tablet and biometric devices with which to complete a daily monitoring plan. A nurse monitors this information and provides ongoing education and coaching on self management, as well sharing key information with the family physician. Home Health Monitoring is a proven service with significant reductions in ED visits, admission and length of stay for patients who participate, as well has a high patient satisfaction rating.

Home Health Monitoring referrals are through Community Access with Community Health Services. Below is eligibility criteria and referral contact information:

Consider referral to Home Health Monitoring if your patient:

- Has a confirmed diagnosis of COPD or heart failure and is symptomatic
- Has confirmed diagnosis of diabetes and is struggling to manage blood glucose
- Is willing to engage in self-management

Refer to Community Health Services: Telephone: 250.331.8530 | Fax: 1.866.931.0211

For more information or to request printed Home Health Monitoring brochures or posters, please contact [Lisa Saffarek](#)

Give and Take Cupboard for Growing Families

[Read about](#) the donation cupboard, located in the Campbell River Maternity Clinic, and how Island Health staff and members of the Campbell River community are supporting a program that helps expectant families prepare for the arrival of their babies by providing easy access to new and gently used infant and maternity clothing and supplies.

FNHA Primary and Mental Health Wellness Summit

The 2019 FNHA (First Nations Health Authority) Primary and Mental Health Wellness Summit brought together people from across B.C. for 3 days of excellent presentations and dialogue.
