

Mission

Division of Family Practice

A GPSC initiative

MISSION BRITISH COLUMBIA

The Mission Division supports the strong collective voice of our Physicians and Nurse Practitioners in the delivery of integrated patient primary care. Our collaborative and innovative approach to patient-centered care incorporates strong and transparent partnerships with the community including Mission Community Services, District of Mission, GPSC, Fraser Health Authority, and the Ministry of Health.

Opportunities available for Primary Care Providers:

- Integrated Physician influence on health care delivery and policy
- Access to supports from motivated Division staff for:
 - Practice Management
 - Education
 - Networking
- Involvement with:
 - Medical Staff Association
 - Residential Care Teams
 - Emergency Room
 - Hospitalist Opportunities

Mission Division Initiatives include:

- Primary Care Network
- Maternity Clinic
- Residential Care Program
- Pathways Project
- Primary Care Clinic
- Community Partnerships
- In-Patient Care
- Shared Care Projects
- Social Prescribing

For me, it was the variety of types of medicine that I could do & the ability to do them all together in one place.

– Dr. Rahul Manocha
