

## Meet Camosun College's MOA Instructor!

Meet **Angela Kemna**, the esteemed MOA Instructor at Camosun College. For the past 17 years, Angela's expertise and commitment to excellence have been instrumental in shaping the MOA program.

In Collaboration with Camosun, I have the privilege of serving as a member of the Program Advisory Committee. Through our collective efforts, we have been working diligently to enhance the MOA program, ensuring that it remains relevant and responsive to the evolving needs of the healthcare sector. Recently I had the opportunity to speak to the MOA students at Camosun where I discussed the exciting career opportunities available in various primary care clinics across the South Island. It was inspiring to engage with the next generation of MOA's and share insights about the rewarding career paths awaiting them.
