

PLANETARY HEALTH

WEBINAR

CARING FOR THE PLANET AS WE CARE FOR OUR PATIENTS

Dr. Mark Sherman
MDCM, CCFP, FCFP

Dr. Valeria Stoyanova
MDCM, FRCPC

6:30PM – 8:30PM

February 27, 2024

Learning Objectives

- ✓ Understand the impact of Health Care on Climate change in Canada and in the world
- ✓ Identify five simple and tangible actions that can be done in clinical spaces to reduce our carbon footprint
- ✓ Recognize three prescribing and investigative practices that have a large climate impact
- ✓ Describe the climate actions and resources being developed by physicians and other Planetary Health champions in Victoria, South Island, BC and Canada
