CIDFP MOA Network 2026 Spring Edition

Welcome to Spring!

As we head into a new season, we want to take a moment to thank all of our MOAs across Central Island Division for the incredible work you do every day supporting patients, providers, and clinic teams. This spring, we're focusing on connection, support and strengthening our MOA community—with new opportunities, resources and upcoming events.

MOA Recruitment Supports—Lunch and Learn (Virtual)

Office Managers, Physicians and Nurse Practitioners are invited to join an upcoming virtual Lunch & Learn to explore new MOA recruitment and support options available through a Division-funded pilot project. This session will introduce practical solutions to help strengthen clinic teams and reduce administrative burden.

You will hear directly from two Canadian service providers;

People Prodigy: Canadian recruitment partner connecting clinics with qualified candidates and tailored hiring.

Sherritt Services-Medical Administration: Canadian based virtual MOA support delivering flexible administrative solutions for clinic operations.

Session Details:

April 16, 2026
12:00 – 1:00 PM
Zoom (virtual)

At the end of the session, clinics will be invited to submit an Expression of Interest (EOI) for a Division-funded pilot opportunity. Please note pilot spots are limited.

A Q & A session will be included. If time is limited, questions can be submitted via chat or email, and responses will be shared afterwards.
