

Strategic Plan 2025-2027

Vision

Oceanside PCN envisions a community where every community member has timely access to comprehensive, coordinated and culturally safe primary care.

Mission

We will create an environment where healthcare providers thrive. We will foster a connected, collaborative community ensuring that all providers feel supported while continuously breaking down barriers to care.

Values

- Accessibility
- Collaboration
- Compassion
- Provider Well-being
- Accountability & Action-Oriented Values
- Sustainability and Growth
- Community-centered Care

Strategic Pillars and Priorities

2025-2027

Community Collaboration & Health Navigation

Goal: Strengthen partnerships and improve healthcare navigation for community members.

- Develop and implement local solutions in collaboration with community stakeholders.
- Create easy-to-access resources and support systems to guide patients through healthcare services.
- Increase public awareness of available health programs and services.

Clinic Coordination & Workforce Sustainability

Goal: Enhance clinic efficiency and provider well-being to ensure long-term sustainability.

- Improve communication channels between healthcare providers and clinics.
- Support provider recruitment, retention, and work-life balance initiatives.
- Foster a network of well-connected healthcare professionals for seamless patient care.

Mental Health & Substance Use (MHSU) Expansion

Goal: Increase access to mental health and substance use services for the community

- Expand mental health and substance use programs through better resource allocation.
- Improve service coordination between different care providers.
- Strengthen partnerships with local mental health and addiction services for a more comprehensive approach.

Culturally Safe & Inclusive Care

Goal: Build trust and improve healthcare experiences for diverse populations.

- Implement training programs to ensure culturally safe, inclusive, and non-judgmental care.
- Engage with Indigenous and underserved communities to co-create healthcare solutions.
- Integrate inclusive policies and practices across all PCN initiatives.
