

# Do you live in South Delta? We want to hear from you!

The South Delta Division of Family Practice is developing a Primary Care Network (PCN) Plan. To help inform this plan, we have a short survey. The survey takes 5-15 minutes and asks South Delta residents about their primary health care needs.

## WHAT IS A PCN?

What is a PCN? A PCN is a clinical network of local primary care service providers located in a geographical area. In a PCN, physicians, nurse practitioners, nurses, allied health care providers, health authority service providers, and community organizations work together to provide all the primary care services a local population requires. Read more [here](#) / [Primary Care Networks | FPSC \(fpscbc.ca\)](#)

**Share your experiences.**  
**Survey open until May 2nd**
