

What is UpToDate?

UpToDate is an award-winning online clinical decision support resource, available to Divisions of Family Practice members for use in individual practices at no cost to the individual physician. Visit your local Division website to become a division member and access more than 10,000 peer-reviewed topics in 21 specialties from international and Canadian authors, as well as drug information, medical calculators, and patient information sheets. All UpToDate topic searches are CME eligible for registered users.

Divisions of Family Practice provincial office is also offering students and residents no-cost access to UpToDate through the [Student/Resident site](#) until May 31, 2016.

How to access UpToDate

To access UpToDate, go to www.divisionsbc.ca or to your local division homepage, log in and click on the UpToDate menu item on the top navigation bar. For more detailed instructions, see [how to access UpToDate](#) or contact the [UpToDate support team](#) for assistance.

Use it on your mobile device

[UpToDate Anywhere](#), an application which allows users to access UpToDate on mobile devices, is also available to those with an iPhone, iPad, Android device, or Windows 8 tablet.
