The Impact of Providers Leaving the Community

"it's beginning to feel a bit hopeless being a youngish doc in this area and seeing/hearing all the docs retiring or planning too soon. It's causing me some panic too about the state of things moving forward. Although I already feel overwhelmed and overworked, I feel like I need to find a way to be part of the solution to this. If you could let me know who I could speak with about finding a way to be involved, I'd appreciate it."
