1284

Total # of people on the
waitlist in March. This the
largest growth we have ever
experienced!

The Impact of Unattachment on Patients

A patient who was recently
attached to a primary care
provider noted the impacts of
communication. After being
attached, they noted not
having heard from the clinic
and mentioned their need to
speak with their primary care
provider to provide accurate
dosage for their existing
mental health concerns.

Family Physician and Nurse Practitioner Contracts
