

## WANT TO LOCUM IN THE KOOTENAYS THIS SUMMER?

### ED LOCUM AUGUST 2021

#### OPPORTUNITY KNOCKS

Hello!

As Head of the Emergency Department at Kootenay Boundary Regional Hospital, I'm writing to personally invite you to explore the opportunities providing ED care in this amazing region of British Columbia.

Our Emergency Department at the Kootenay Boundary Regional Hospital is seeking physician locums with CCFP-EM certification to join the ED team in August/September 2021. The exact dates are August 3-9 and 26-September 2.

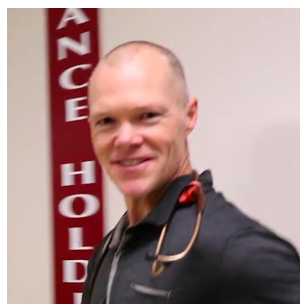

You'll work in a small, dedicated team to provide ED services at KBRH for our region of over 80,000 residents. Our ED is brand spanking new and has consultant services available and 24/7 CT, U/S and MRI.

Of course, alongside a great work environment, you'll be in the Kootenays! Hiking, biking, boating, camping, climbing, swimming, fishing are right off your doorstep. And our KBDocctors recruitment team is here to help you every step of the process, including answering any questions you have, providing you with a (COVID safe) tour of the area, helping find suitable accommodation and any special requests you have. Just ask!

If you are interested in hearing more, feel free to contact our dedicated recruitment team lead, Sylvain Turgeon by email at [sylvain@kbdocctors.ca](mailto:sylvain@kbdocctors.ca) or by phone/text message at +1-778-557-8267.

I look forward to meeting you!

Jeff
