
Annual Report 2013-2014

President's Report

It has been my privilege to serve the Mission Division of Family Practice (MDFP) as lead physician again for the last year (2013-2014).

The Divisions of Family Practice are continuing to play a pivotal role in providing support to local physicians and developing programs that are specific to the needs of our local communities. The strength of divisions is that programs are developed by our members at a local level in order to solve local issues.

In the last year the MDFP had continued to support the Inpatient Care program and Doctor of the Day program which has helped to sustain involvement of local physicians in our community hospital. We have developed a Residential Care Physician program to support services to our residential care patients. We are continuing to develop the A GP for Me initiative in order to improve patient access to GP services in the Mission area.

MDFP is committed to supporting high quality CME in our medical community. We are also encouraging collegiality in our medical community by hosting periodic events to allow our members to keep in contact.

In future, we are hoping to have collaborative projects with the Abbotsford Division of Family Practice and other divisions in the province to strengthen relationships between GP's from other communities, both in our health region and across the province.

I am extremely proud of the work our division has accomplished to date as a result of the hard work and efforts of all our members and board members (Carol, Peter, Jeff, Sohan, Gerry and Lawrence). I also would like to thank our new project manager, Barbara Bremner, for all her hard work since joining us in April 2014.

Gwen Siemens

Financial Statement

Year Ended March 31, 2014

Statement of Financial Position

	2014	2013
ASSETS		
CURRENT
