

Bowen Island Integrated Health

Bowen Island Integrated Health is a new patient-centered interdisciplinary clinic located on Bowen Island, BC. A 20 minute ferry ride from West Vancouver and 40 minutes from downtown Vancouver, our clinic offers a dynamic rural practice setting at the doorstep of a major city.

The island community offers a lifestyle with unrivaled west coast experiences. From hiking Mt. Gardner and fishing in our lakes to kayaking out of Snug Cove and attending a community cook-out, there are few communities in the world that can compete with Bowen's small town charm immersed in such majestic natural landscapes. With a shorter commute than many of Vancouver's suburbs, it also offers convenient access to all major city amenities and events.

We are currently searching for a GP to start a practice within our clinic space in the heart of Snug Cove. Newly renovated with three treatment rooms and an open rehab area, the space is in an ideal location within walking distance to the ferry. Full reception, booking and billing services will be provided and included in the competitive room-rental rate. The island population of up to 5000 in the summer months is in dire need of primary care clinicians and our goal is to provide the community with the services it needs most. Therefore, practitioner and administrative scheduling and space availability will be prioritized around the right candidate's preferences.

The ideal physician(s) would be willing to work a full time schedule providing family medicine and walk-in services to an active and health-minded community. There is currently a significant waitlist for the island's current GP and our clinic has also started a waitlist for family medicine services. The demand is high and the clinic is primed for the right Doctor to step in to a full practice load. *Given the nature of the ferry commute for those candidates living off island, the possibility of compensation for travel costs can be discussed as well.*

If you think you would be a good fit for our clinic space we would love to hear from you! Contact Tricia Raeburn at the North Shore Division of Family Practice at traeburn@divisionsbc.ca or phone 778.945.3017.
