

PATHWAYS REFERRAL TRACKER

START YOUR JOURNEY TO A SMOOTH REFERRAL PROCESS

We know how important it is to spend time with your patients and to improve office efficiency. The Pathway Referral tracker will save you time, support better patient care, provide and improve communication with Family practice offices.

Time management

Reduce no shows and minimize time spent on the phone with patients and other providers

Free patient notification system

Patients will be automatically notified by email or text
They will receive 2 reminders before their appointment

Secure Communication with the referring office

Automatic notifications sent to the referring office, offers secure communication via inter-office messages.
