

PROCEDURES ELIGIBLE FOR MINI TRAY FEES (00044)

Fee Code	Fee Description
00190	Forms of treatment other than excision, X-ray or Grenz ray; such as removal of haemangiomas and warts with electrosurgery, cryotherapy, etc., per visit (operation only)
14560	Routine pelvic examination including Papanicolaou smear

PROCEDURES ELIGIBLE FOR MINOR TRAY FEES (00080)

Fee Code	Fee Description
00811	Joint injection, aspiration or arthrogram, under radiological guidance
01124	Peripheral nerve block, single
01125	Peripheral nerve block, double
04305	Venereal warts (operation only)
13605	Abscess, superficial opening, including furuncle (operation only)
13610	Laceration or foreign body, minor (not requiring anesthesia) (operation only)
13630	Paronychia (operation only)
13631	Nail removal (operation only)
71689	Hemorrhoid(s); (e.g.: band ligation) to include proctoscopy (operation only)

PROCEDURES ELIGIBLE FOR MAJOR TRAY FEES (00090)

Fee Code	Fee Description
00785	Endometrial biopsy
04111	Therapeutic abortion (vaginal), by whatever means – less than 14 weeks gestation (operation only)
08345	Vasectomy – bilateral (operation only)
10714	Proctosigmoidoscopy, rigid, diagnostic
13600	Biopsy of skin or mucosa (operation only)
13601	Biopsy of facial area (operation only)
13611	Laceration or foreign body, Minor (operation only)
13612	Laceration, Extensive (operation only)
13620	Scar or tumour Excision (operation only)
13622	Localized carcinoma of skin, proven histopathologically (operation only)
13623	Excision of tumour of skin or subcutaneous tissue or small scar under local anesthetic – face (operation only)
13632	Removal of nail - with destruction of nail bed (operation only)
13633	Wedge excision of one nail (operation only)
13650	Hemorrhoid Thrombotic, Enucleation (operation only)
14540	Insertion of IUD
14542	Insertion of subdermal contraceptive implant
14543	Removal of subdermal contraceptive implant

PROCEDURES ELIGIBLE FOR MINOR TRAY FEES (00080)

Fee Code	Fee Description
00019	Venesection for polycythaemia or phlebotomy
00218	Curettage and electrosurgery of Skin carcinoma (operation only)
00219	Curettage skin carcinoma, additional lesion
00762	Scratch test, per antigen <i>Note: Minor tray fees may be paid in addition if a minimum of 16 antigens are used.</i>
00763	Scratch test – children under 5 years of age, per antigen <i>Note: Minor tray fees may be paid in addition if a minimum of 14 antigens are used.</i>
00765	Annual maximum (to include scratch or intracutaneous tests) for each physician – per patient
00784	Cervix punch biopsy
01042	Nerve block paravertebral sympathetic
02221	Aural polyp removal or debridement, foreign body removal
02303	Cauterization of septum, electric (operation only)
02364	Nasal fracture - simple reduction (operation only)
02365	Nasal fracture - reduction and splinting (operation only)
04509	Cervical polypectomy (operation only)
07678	Abscess - Perianal, I & D, superficial (operation only)

PROCEDURES ELIGIBLE FOR MAJOR TRAY FEES (00090)

Fee Code	Fee Description
00701	Direct laryngoscopy
00715	Sigmoidoscopy with biopsy
00716	Sigmoidoscopy Flexible
00718	Sigmoidoscopy Flexible with Biopsy
00759	Chest Aspiration Paracentesis
00760	Paracentesis Abdominal
00907	Endoscopic Examination of the Nose and Nasopharynx
01036	Epidural Block: Thoracic
01037	Epidural Block: Cervical
01135	Epidural Block: Lumbar
01138	Epidural Block: Caudal blocks
01140	Nerve root or facet blocks – cervical - single
01141	Nerve root or facet blocks – cervical - multiple
01142	Nerve root or facet blocks – thoracic - single
01143	Nerve root or facet blocks – thoracic - multiple
01144	Nerve root or facet blocks – lumbar - single
01145	Nerve root or facet blocks – lumbar - multiple
2150	Chalazion Excision
02254	Myringotomy unilateral - with insertion of aerating tube (operation only)
02274	Myringotomy bilateral - with insertion of aerating tube (operation only)
02341	Posterior nasal packing – to include balloon control of epistaxis (operation only)
02346	Posterior nasal packing with trans-oral gauze pack, under local, topical, or general anesthesiology (operation only)
02419	Direct or indirect laryngoscopy with foreign body removal
02447	Incision of peritonsillar abscess – under local anesthetic (operation only)
03211	Muscle Biopsy

PROCEDURES ELIGIBLE FOR MAJOR TRAY FEES (00090) cont.	
Fee Code	Fee Description
04032	Biopsy of vulva, excisional lesion > /= 2 cm
04301	Bartholin's cyst excision (operation only)
04317	Biopsy Vulva, lesion
04500	Cervix dilatation and curettage (operation only)
06075	Eyelid and lip wounds avulsed and complicated
06076	Nose and ear wounds avulsed and complicated
06077	Lacerations of the scalp, cheek and neck complicated
06079	Minor burns debridement, surgical (operation only)
06182	Ganglia of tendon sheath or joint
06188	Tenolysis
06193	Palmar Fasciectomy - more than one digit
06219	Amputation, Finger (operation only)
06258	Neurolysis and exploration of Peripheral Nerve
07041	Aspiration: abdomen or chest (operation only)
07110	Multiple ligations and stripping tributaries: - 3 to 5 incisions (operation only)
07111	Multiple ligations and stripping tributaries: - 6 or more incisions
07112	Ligation of 2 or more perforators
10761	Esophagogastroduodenoscopy (EGD) , including collection of specimens
33373	Colonoscopy with flexible colonoscope - biopsy
33374	Colonoscopy with flexible colonoscope – removal polyp
51016	Cast - Short Arm (elbow to hand)
51017	Cast - Long Arm (axilla to hand)
51019	Cast - Below Knee
51020	Long leg cylinder
51021	Cast - Long Leg
61368	Extensor - primary or secondary repair - first tendon
70041	Fine Needle aspiration of solid or cystic lesion (operation only)
70116	Removal of tumour (including intraoral) or scar revision – 2 to 5 cm (operation only)
70117	Removal of tumour (including intraoral) or scar revision – 5.1 cm to 10cm
70119	Single flap under 2cm in diameter used in repair of a defect (except for special areas as in V70124 (operation only)
70120	Single flap for lesion greater than 2cm
70121	Single flap for lesion greater than 2cm with free skin graft to secondary defect
70122	Multiple flap for lesion greater than 2cm
70123	Multiple flap for lesion greater than 2cm with free skin graft to secondary defect
70124	Eyebrow, eyelid, lip, ear, nose – single
71684	Papillectomy or excision of anal tag or polyp – single (operation only)
71686	Papillectomy or excision of anal tag or polyp – multiple (operation only)
77045	Varicose veins, injection, each visit
77046	Ultrasound directed (with image capture) foam sclerotherapy – initial
77047	Ultrasound directed (with image capture) foam sclerotherapy – repeat
77050	Compression sclerotherapy initial - uncomplicated
77060	Compression sclerotherapy - repeat
77065	High ligation, long saphenous
77142	Removal of totally implantable access device (e.g.: portacath), operation only
