CONTINUING PROFESSIONAL DEVELOPMENT
FACULTY OF MEDICINE

**Population Health Data - PA What does it mean
to your practice now and in the future?**

**JOIN US AT THE JAN 25 DIVISION MEETING FOR THIS
EXCITING EVENING OF DATA!**

Erdem Yazganoglu, MD, MA, MHSc will unpack the health data specific to our area, and dive into what it means.

What will be covered:

- An overview of the community characteristics of the Alberni LHA including social determinants of health, and health status.
- We will proceed with reviewing primary care, community care, acute and emergency services use.
- We will then look into disease prevalence and incidence and mortality rates.
- We will look into estimated service cost by population segments.
- Time allowing we will also look into priority populations (mental health and substance use and seniors) and attempt to summarize their service use.

Plenty of time allotted for questions!

WHEN: JANUARY 25, 2018

WHERE: CHANCES RIM ROCK@ Jan Division Meeting

TIME: 6:00 PM - 8:30PM

4 Reasons Why You Should be Using Pathways

1. Identifying the most appropriate specialists with shorter wait times.
2. Easily identifying specific areas of practice offered by each specialist and clinic.
3. Up-to-date information.
4. Decreasing the incidence of re-referrals

Pathways is an online referral tool for GPs and MOAs.

Need an access key? Support and in-office Learning Sessions available.
