

Salmon Arm Hub Primary Care Network

HOW to refer to PCN Services

1

Types of referrals to the PCN

Mild to Moderate Health Concerns are referred to the Primary Care Network (PCN) Hub

2

Who can access PCN Hub Services?

ONLY attached patients who have been referred by their primary care provider. Unattached patients are not eligible at this time.

3

What services are available?

- Integrated Care Coordinator
- Social Worker
- Physiotherapist *pending hire*
- Respiratory Therapist *pending hire*
- Dietitian *pending hire*
- Pharmacist *pending hire*

4

How do I refer patients to the PCN HUB?

Fax a consult note to **250-833-3646**

5

When can I start referring patients?

The Salmon Arm HUB will begin processing referrals on **1 October 2024**. Patients may be referred to other PCN services if necessary by clinical staff with providers being informed.

FAX THE SALMON ARM PCN HUB 250-833-3646

The hub will contact patients within 48-72 business hours of referral receipt.
