

## What if you had better access to Specialists?

With the **RACE App** in your pocket, Specialist advice is just a click away!

Get The App: Search **RACEApp+** in the Apple & Google App stores

» The free **RACE Mobile App**, developed by physicians, is revolutionizing the medical landscape. Rather than sending and receiving unscheduled calls, texts and emails for consultation, you can now use the RACE Mobile App to organize a **seamless** link to your colleagues

- + Work more efficiently.
- + Avoid unnecessary referrals.
- + Speed communication with patients.
- + Track and be paid for communicating.

“I get great satisfaction from being part of something like this. If we, as a profession, are to

look after patients and ourselves in a cost-effective manner, this is the sort of collegial support and consultation we really should be giving to each other.”

- Dr. Don Milliken  
Consulting Psychiatrist, RACE

### » Key Benefits

Enables any Primary Care Practitioner who needs quick advice to access a broader community of experts.

- 1 Improved Patient Care:** Race App saves patients' time and money
- 2 Increased Efficiency:** Timely access and response facilitated
- 3 Fee:** The App is free to all Primary care providers registered in BC
