

FIRST ANNUAL CANADIAN WOMEN PHYSICIANS DAY

MARCH 11, 2021

On behalf of Doctors of BC and the Sunshine Coast Division of Family Practice Board of Directors

Join doctors from across Canada including Dr Theresa Tam, Dr Bonnie Henry, and Doctors of BC President-Elect Dr Rummy Dosanjh for the inaugural Canadian Women Physicians' Day celebration.

The event is free and open to physicians of all genders. On this day, pay tribute to the trailblazing women who paved the way and to the challenges they overcame to get here. Celebrate women physicians who are making a difference today like Dr Nel Wieman, Canada's first female Indigenous psychiatrist; Dr Jane Philpott, the first Canadian doctor to be appointed federal Minister of Health; Dr Bonnie Henry, the first female Provincial Health Officer for British Columbia, and every woman in medicine who inspires us with their ongoing achievements, their unwavering commitment to their patients, and their continuing advocacy.

March 11, 2021 from 5:00pm – 6:30pm PST. Please [register today](#).

Hopefully we are able to celebrate in person next year, post COVID.
