RACE

Are you thinking
about referring a
patient to the ER?

If you have
questions around
imaging referrals,
concerns about
abnormal lab work,
or any other
concerns, **the ERPs
on the RACE app
are here to assist.**

Details:

- ✓ Emergency Medicine is being trialed on the RACE app to assist FPs in determining whether a patient should go to the SMH Emergency Department.
- ✓ RACE connects FPs, NPs and SPs via the RACE app or telephone for urgent specialist advice within 2 hours
- ✓ RACE specialists offer advice, not expedited consults
- ✓ RACE is available Mon - Fri, 8AM to 5PM (excluding stat holidays)

Emergency Medicine service on RACE will provide expert advice from SMH ER physicians on a range of conditions where there is uncertainty around whether the patient should go to the ED.

This service is available to Surrey-North Delta physicians.

In its first 3 weeks, the trial has:

- / Diverted a patient from going to the ER unnecessarily.
- / Alerted the ER about an incoming patient's condition, allowing them to provide more efficient care.
