

JPOCSC Clinics Change in Contact Information

What's Happening?

- JPOCSC Central Intake Department is being dissolved, with all phone calls and faxes returning to the individual clinics.

How This May Affect You?

- Telephone and fax communication should be directed to the clinics, and not Central Intake.

| Clinic Name | Fax Number | Phone number |
|--|--------------|-----------------------|
| Lung Health | 604-528-5430 | 604-582-4550 x 763868 |
| Pulmonary Function | 604-528-5431 | 604-582-4550 x 763867 |
| General Neurology | 604-528-5432 | 604-582-4561 |
| Stroke Prevention | 604-528-5433 | 604-582-4550 x 763870 |
| Medical Daycare | 604-582-3742 | 604-582-4550 x 763856 |
| Anticoagulation Management Clinic | 604-528-5435 | 604-582-4550 x 763869 |
| Outpatient Antibiotic Therapy | 604-582-3742 | 604-582-4550 x 769721 |
| Subcutaneous Immune Globulin (SCIG) Home Infusion Program | 604-582-3742 | 236-332-2270 |
| Rapid Access Infectious Disease | 604-528-5438 | 604-953-9722 |
| Wound Care Clinic (community, no longer at JPOCSC) | 604-528-5439 | 604-592-2040 |
| Internal Medicine | 604-528-5440 | 604-953-9712 |

- All updated referral forms can be found on FormImprint (FormsFast), on Pathways, or on the [Fraser Health Physicians website](#).
- The former Central Intake phone number (604-953-9704) will redirect you to Fraser Health Switchboard.
- We will continue to accept referrals on old forms and on the old fax line until July 30, 2022, after which time the fax machine will be decommissioned.
