PRACTICE READY ASSESSMENT  
- PHYSICIANS FOR BC

# ASSESSORS *Wanted!*

PRA-BC is the FASTEST way to get more doctors licensed in BC.  
The goal is to assess 96 internationally trained family physicians per year!

## *Clinical Field Assessment*

Complete UBC CPD's two-day online assessor training course. Then assess an internationally trained family physician in your clinic for 12 weeks.

## *Compensation*

Clinics/assessors are paid \$12,000 per candidate for the 12-week assessment. They receive sessional fees and CPD credits for the assessor training.

The new Longitudinal Family Physician payment model allows for direct and indirect patient care time to be billed for assessing PRA-BC candidates.

## *Timeline*

### **Spring 2024**

- Assessor Training: April 5-6
- Clinical Field Assessment: April 29 to July 19

### **Fall 2024**

- Assessor Training: October 18-19
- Clinical Field Assessment: November 4 to January 24
