

PHYSICIAN LEADERSHIP

Highlights

Current SOS Division Board of Directors

- The SOS Division Board of Directors sets direction that fosters a strong and healthy community of primary care providers, and enhances the quality of local primary care.
- SOS Division sponsors 1-2 physicians each year to complete the Leadership and Management Development Program at Simon Fraser University, which prepares physicians for a leadership role in primary care.
- SOS Division takes a leading role and actively influences provincial policy through its involvement in the Collaborative Services Committee (CSC), the InterDivisional Strategic Council (ISC) and the General Practice Services Committee (GPSC).
