

RURAL INITIATIVES

Highlights

Rural communities, both municipalities and First Nations, combine their existing strengths and resources to establish sustainable and patient-focused healthcare in the South Okanagan Similkameen Rural Corridor. This Corridor includes the communities of Oliver, Osoyoos, Keremeos and Princeton.

Our initiatives:

- Build strong relationships amongst SOS Rural Corridor physicians.
- Strengthen relationships between rural physicians and the SOS Division.
- Facilitate monthly meetings where primary care practitioners, community organizations, First Nations, regional districts and municipal gov'ts can come together to discuss healthcare issues.
- Develop resources and provide support for primary care delivery in our rural communities.

Ongoing Project (Started Jun 2016)
