**To qualify for the House Physician Incentive, contact us to:**

- Join a facility team, if you haven't already done so.
- Tell us your current self-determined maximum total number of residents (so that once you are at your ideal number, you are not called on to take more residents).
- Identify if you have patients elsewhere that you wish to transfer.

## SOS Residential Care Initiative (RCI)

Our Vision: Every care home has a core group of house physicians who work to provide proactive care and improve overall quality of care.

### House Physicians:

- 1) Care for at least 5 residents at their preferred home(s).
- 2) Share taking on residents in need of an MRP (up to a self-determined maximum number).
- 3) Proactively arrange regular rounds with the care home and respond to requests as necessary.
- 4) Attend Care Conferences and discuss Medication Reviews with the Pharmacist.
- 5) Collaborate with care home staff and colleagues to identify issues and make improvements where possible.

## Why join a House Physician Team?

- *Better use of your time working with fewer care homes*
- *Patients and families appreciate the care*
- *Better relationships with staff and pharmacists to minimize challenges*
- *Catch medical problems early, reduce ER transfers, and reduce afterhours call*
- *Share the residential care client load*
- *Create small physician communities within our larger centre. (Penticton care homes are served by 35+ different physicians making efficient proactive care challenging.)*
- *It's fun to work as part of a team*

### Contact us to:

- Get support with the logistics of clustering (ie: coordinating patient exchanges) or your improvement focus.
- Organize team meet ups if requested.
- Ask questions about incentives etc.
- Make suggestions for improvements or communicate challenges.
- Find out what another facility may be doing related to your focus.

## DIVISION RCI INCENTIVES

*Available until at least March 2019 to support the transition to more team-based residential care.*

### 1.) House Physician Incentive:

To reward physicians for being part of a team, having 5 or more patients in 1-2 facilities, and contributing to positive change in their care home(s).

\$500 for 5+ patients per care home

\$1000 for 10+ patients per home

\$1500 for 15+ patients per home

Depending on your personal and house team goals, your improvement focus may be working to cluster your patients, prearrange visits, or strengthen med reviews with the pharmacist.

### 2.) MRP Bonus:

\$75 for each resident you have proactively visited 2 or more times in 6 months.

**To submit:** SOS Division will contact your office June 30<sup>th</sup> & Dec 30<sup>th</sup> 2018 to request MRP and House Physician bonus submissions.

### 3.) Residential Care New Patient Bonus:

\$200 for taking on residents in need of an MRP (including patient transfers to support clustering), temporarily replacing the Complex Care Code 14074.

#### To submit:

*Fax the SOS Division (778-476-5992) on your office letter head with the patient initials, date assumed care, and where/who the patient was transferred from.*
