

## Pathways Listing Specialty: Family Practice

Please note that by sending Pathways information about your practice you are consenting to posting this information on the Pathways website for use by physicians, other authorized healthcare providers and their staff. If you have any concerns about your information being posted, please contact your local Pathways Administrator. Also note that, where necessary, Pathways may use third party service providers and/or cloud platforms, including some that may be located outside of Canada, to deliver its services. All third party service providers utilized demonstrate stringent security protocols that are consistent with Pathways privacy and security policies and meet industry best practices.

You also consent to posting this information on the Pathways Virtual Care Directory and understand your information will be made available for **public use** unless you request specific exclusions. If at any time you wish to withdraw this consent, please [contact us](#). Here is the [link](#) to the online survey form for the Virtual Care Directory.
