HEALTH AUTHORITY PHYSICIAN ENGAGEMENT SURVEY

Survey Distribution/Timelines:

- This survey is usually distributed in April (2016 present). It was delayed due to COVID-19.
- The survey will be available for completion September 14 October 14, 2020 (typical 30 day period).
- The email will come from HSO (Health Standards Organization) NOT Doctors of BC directly.
- The email with link will go to the email address Doctors of BC has on file for the member.
- Family physicians, specialists, Division and Medical Staff Association (MSA) members all receive the survey if they are a Doctors of BC member.
- If physicians do not receive their survey, they may contact surveys@doctorsofbc.ca
- As Regional Advisor & Advocate (Doctors of BC), I am also happy to answer/field any questions.

Important Notes:

- Core questions are unchanged from past years (Work Life Pulse Tool).
- Second year with questions about physician Psychological and Physical Safety at work, including new opportunity for open-ended responses.
- New questions were added this year specifically in relation to COVID-19.
- Provincially, 26% of Doctors of BC members completed the survey last year.
- On the Island, 574 physicians completed the survey last year.
- PLEASE <u>encourage your local membership and physician colleagues to complete the survey</u> and remind them at any meetings you may have. The Health Authorities across the province are very interested in the results and it is the opportunity to hear the physician voice.
- At least five survey respondents from a site/Division are required to be included in the annual report. I've included links for previous site-level data below:
 - 2016 data is found here on Page 28: <u>Supplemental report</u>. Note: This first year was not administered with HSO. 2016 did not have site-level data.
 - o 2017 data is found here on Pages 28-35: <u>Supplemental report</u>
 - o 2018 data is found here on Pages 40-50: <u>Supplemental report</u>
 - o 2019 data is found here on Pages 46-57: <u>Supplemental report</u>
