Changes to GPSC Incentive Fees – January 1, 2018

GPs will need to submit the **GPSC Portal (G14070) or GPSC Locum Portal fee (G14071)** at the start of the new year and, effective January 1, 2018, there will be new information required when submitting claims to avoid billing refusal. NB: Submitting G14070/71 enables GPs to bill a number of fee codes.

The GPSC **conferencing fees G14015, G14016, G14017** will be discontinued on **January 1, 2018**. The GP Allied Care Provider Conference Fee G14077 that amalgamates these conference fees and removes the barriers associated with them remains available; eligible GPs can bill G14077 for conferencing with at least one other physician or allied care provider.

To be eligible for G14077, GPs must have successfully submitted the GPSC Portal (G14070) or the GPSC Locum Portal (G14071) at the beginning of the new calendar year or be registered in a Maternity Network or GP Unassigned Inpatient Network.

For more information, visit the GPSC website: <http://gpscbc.ca/news/gpsc/upcoming-incentive-changes-and-ending-of-fee-14074>

Clinic Visits

In order to maximize the conversation during these visits, please consider what service areas could be improved, i.e. communication/referrals with home health, mental health and the ED. How can the Division support you?
