Sign Language Interpreting:

Emergency	1-877-736-7039
Non-emergency	1-877-736-7012

Sign language interpreting funded by the Provincial Health Services Authority and provided through the Western Institute for the Deaf and Hard of Hearing.

Working with an interpreter:

- An interpreter acts as a language conduit, rendering an oral message from one language into another
- You should speak directly to the client; the interpreter will speak in the first person
- You should allow time every few sentences for the interpreter to interpret
- The interpreter will interpret everything said during the session
