

South Island PCN September 2022

Saanich Peninsula and Western Communities

New to Practice Family Physician Contracts Webinar

6:00 - 7:30 PM MONDAY, SEPTEMBER 26TH

Join our latest webinar to learn about New to Practice Family Physician contracts. In the webinar you'll:

- Learn about the contracts, including recent changes and incentives
- Hear from Physicians about their experiences with the contracts
- Learn about hosting a NTP contract in your clinic

> REGISTER NOW

Physicians who are members of host Divisions (Victoria, South Island, Cowichan and Nanaimo) will be compensated at the current sessional rate for their time.

Zoom information will be sent after registration is completed.

Primary Care Networks

The South Island has been leading the way in primary care transformation at the community level since early 2020. By being innovative, collaborative, and flexible, resources are being implemented across South Island PCNs while establishing mechanisms for success.

South Island Attachment

As of today, a total of **1540** South Island residents have been attached to a new patient home from the Health Connect Registry (HCR):

1104 in the Western Communities and **436** in the Saanich Peninsula.

Priority Referral System

Phase 1 of the Priority Referral System has launched

The Priority Referral Form is completed by a physician when treating a complex patient who does not have a primary care provider and is determined by the physician to be a priority for the Health Connect Registry (HCR.)

To use the referral form simply complete all fields (by hand or type into the fillable form) and fax to 778-698-4569.

The HCR in Greater Victoria (SP/WC/Victoria) accepts Priority Referrals from:

- Urgent Primary Care Centres
- Walk-in Clinics
- BC Cancer-Victoria
- Heart Failure Clinics
- Memory Clinics
- Palliative Care Teams
- Maternity Clinics
- MHSU Clinics
- Retiring/leaving/downsizing Practitioners

Please note:

- Patients must give consent to being registered on the HCR as a priority patient
- Submitting the form does not guarantee attachment; patients on the HCR will be contacted directly when a practitioner becomes available.
- We work in partnership with Primary Care Networks (PCNs) throughout the region. When appropriate, the information collected may be shared with other PCN communities to expedite patient attachment in each region.

Patients who do not meet the requirements for a priority referral can self-register by visiting <https://www.healthlinkbc.ca/health-connect-registry> or by dialing 8-1-1 (or 7-1-1 for deaf and hard of hearing.)

If you have any questions about the Priority Referral System, please contact

Kim Brown, Project/Attachment Coordinator
